

"The Family Tree"

WHO ARE WE?

Family Tree Ministry/ Family Tree Private School is a Bible based, 501(c)3 non-profit organization founded in 1999. Directors Bob and Nancy Moral guide educational activities in the mission to Evangelize, Edify & Educate. Biographical information on Bob and Nancy can be found at <http://myftps.com>. Activities center on sharing the gospel of Christ, meeting the educational needs and fostering fellowship activities of community members, and supporting homeschooling families.

WHAT DO WE DO?

We are concerned with the educational and spiritual needs of our community. Through a Biblical foundation for learning, we provide support for academic development including private school enrollment for homeschooling families, guidance with K-12 curriculum, post-secondary/adult career development, and identifying resources for self-sufficiency, gardening, and outdoor education. Affiliations include a Christian coalition, parental associations, Florida Virtual School, colleges, and local businesses.

WHEN?

Our activities are ongoing. As we grow and expand, our services will grow as well. God's timing is perfect. We desire to increase our activities to reach more people since there is a growing need for support and guidance in the areas we target.

WHERE?

We serve families in our communities. We maintain office operations, an internet presence, and a farm project. We provide consultations, and deliver presentations upon request. We also develop educational programs, publications, and specialized curricula; and identify important resources as we foster affiliations with local fellowships statewide.

HOW DO WE DO IT?

With a small Volunteer Staff, we work directly with families to support a Biblical foundation for learning to encourage growth, both spiritually and academically. We provide private school enrollment and guidance with curriculum for parent directed education; and post-secondary career counseling. We encourage affiliations to utilize resources that are edifying and appropriate for academics, career planning, gardening, self-sufficiency, outdoor education, and fellowshiping activities.
